

Latin III Summer Work 2021

Directions: For all students taking Latin III in the 2021-2022 school year, you will need to complete two (2) Quizizz.com quizzes (see links below) four times each **before school begins on Wednesday, Aug. 18.**

The Quizizz links will only be available between Sunday, July 18 – Wednesday, August 18. The quizzes are designed to be a review of the material from Latin II. I want the material to be “fresh in your mind,” so I don’t want anyone taking and completing the quizzes in May or June. Also, you need a break from school work!

Each quiz will be based on the two attached PDF documents that I am sending you. Every time you take the quiz, it will give you 30 questions in an adaptive learning mode, which means that the next time you take the quiz, Quizizz would give a new set of 30 questions based on how well you did on the previous time you took the quiz. If you struggle on certain questions, it could give you the same question to help you do better on that question.

Overall, between taking the two quizzes four times each, you will end up answering 240 questions.

The questions based on vocabulary will expect you to spell the Latin word correctly, so if a word is misspelled, it is wrong. In other words, be careful when you are typing out your answers from the PDF document. The meaning of a word could be changed drastically if you add or subtract a letter, so please be careful.

Each quiz is worth 30 points for your grade in Latin II next year. Your score will be based on the average among the four times that you take the quiz. All the answers are “right there” in the document, so it should be easy. However, if you “bomb” a quiz for any reason, you could take a quiz more than four times. I would take the four highest quiz scores, which means that I would drop the lowest score(s).

You will need to be enrolled in one of the Latin classes on Quizizz. If you have already signed up for one, then you don’t have to worry:
